# GCC NEWSLETTER

Updates  
Announcements  
Community News

**Dear Valued Glenvista Country Club Members,**

We are delighted to share the latest updates and important announcements from our club. This newsletter aims to keep you informed about ongoing projects, improvements, and upcoming events. We appreciate your continued support and engagement as we work together to enhance your experience at Glenvista.

## **COURSE AND FACILITY UPDATES**

- **Palm Tree Removal:** As part of our ongoing efforts to maintain the course and improve aesthetics, certain palm trees around the club house have been removed. This change will help streamline maintenance and safety.
- **Safety Measures:** Gum poles wrapped with shade netting have been erected around key areas. These barriers are in place to restrict access during maintenance works and ensure everyone's safety. Please respect these zones until projects are completed.
- **Maintenance Projects:** We are drilling a new borehole to secure an alternative water supply for the club, this is crucial for sustainability and operational continuity. Additionally, drainage and plumbing work is underway, affecting areas between the Green bar, Main Clubhouse, and Padel courts. We ask for your patience as these improvements temporarily impact the appearance of affected spaces.
- **Solar Panel Installation:** In our commitment to sustainability, we have installed a solar solution with 52 panels. This initiative will reduce our environmental footprint and ensure a more reliable energy source for club operations.

## LEGAL AND ADMINISTRATIVE UPDATES

- **Green Bar Litigation:** We are currently engaged in litigation concerning the Green bar. The upcoming court date is set for early June 2026. We will keep you informed of any developments.
- **AFS Audit and AGM:** Our Annual Financial Statements audit is scheduled, and we are planning the Annual General Meeting for late May (year-end December). Details will follow, and your participation is encouraged.
- **Payment Provider Update:** A new collection provider will be managing payments for monthly payers. Further communication will be sent directly to affected members to ensure a smooth transition.

## SUSTAINABILITY INITIATIVES

- **Borehole Drilling:** We are in the process of drilling a borehole which will provide an alternative water supply for the clubhouse, thus improving our resilience and reducing our dependence on municipal water.
- **Solar Solution:** With 52 panels installed, we are well on our way to becoming a greener club, supporting both operational savings and environmental responsibility, and negating our reliance on the grid.

## STAFF AND OPERATIONS

- **HNA Integration:** We are progressing with integrating HNA into our club systems, enhancing member services and administration efficiency. Just a reminder that this is an HNA initiative and we are in no ways responsible for the negative impact it is having on our members. We are however more than happy to assist any members that are having problems, please liase with Matthew, our golf director. Matthew also posts regular progress reports as received from HNA.
- **New Staff Welcomes:** Please join us in welcoming Jarrod and Fay to the time sheet administration team. We are also pleased to introduce Renier and Christo, who are part of the Pro Shop, and hence part of our club's development. Please bear with us for a while longer while we improve the Pro Shop's shop fittings, we are sure the inconvenience will be well worth the wait!

Fay, Matthew and Jarrod

## MEMBER SERVICES

- **Cart Fleet Update:** The club now boasts a fleet of 50 carts. We kindly remind all members to treat the carts with care and report any issues promptly.
- **Pump House Upgrade:** A new pump has been installed at the pump house, ensuring reliable irrigation and maintenance of the course.
- **Machine Shed:** A machine shed has been erected at the workshop, providing improved storage and protection of our equipment for our maintenance team.
- **Camera Installations:** For added security, new cameras have and are being installed. This will help safeguard club assets and enhance member and the surrounding homeowners' safety.

## COURSE CARE AND PROJECTS

- **Pitch Marks Reminder:** Please remember to fix pitch marks on the greens to help maintain the quality of our playing surfaces for everyone's enjoyment.
- **Bunker Project:** Rehabilitation of the 17th bunker and damp area are starting soon, as part of our broader bunker improvement project. Your patience during this work is appreciated.

## EVENTS AND COMMUNITY

- **Espetada Evenings:** We are excited to announce that Espetada evenings will be held on the last Friday of every month. Come join us for great food, camaraderie, and fun – all members and guests are welcome!

## CLOSING

We as a committee and the management team, have a clear open door policy to any questions or concerns that members may have. We ask that you correspond directly with either a committee member or a member of the management team.

Even better, put your concerns in writing, which can be emailed to us via the following address: [gm@glenvistacc.co.za](mailto:gm@glenvistacc.co.za).

Thank you for being an integral part of Glenvista Country Club. We look forward to seeing you around the course and at upcoming events.

If you have any questions, ideas, or feedback, please don't hesitate to contact the committee.

*Warm regards*

*The Club Committee*
